

3/20/2011

Ms. Mary L. Allen
3339 Hwy 25 North, #44
Northport, WA 99157

Dear Ms. Allen:

Please take note: One or more of your hearing instrument warranty(s) will expire shortly. Please see the list at the bottom of this letter for details.

The good news is... by acting now you can sign up for a special one year extended warranty for a small fee and avoid any lapse in warranty protection.

With an extended warranty, you'll be sitting comfortably, because it covers all repairs to your hearing aid for the next year - no matter what goes wrong, or why. In short, if your aid gives you even the slightest bit of trouble, we'll fix it at no extra cost. From a mechanical failure to damage from any cause...you're covered.

As costs for new hearing aids spiral upwards, the smart money is on preserving and protecting your current investment! Extending your warranty can save you money in repairs and replacement.

It's our pleasure to extend this special value to you. To get signed up, call us at 888-453-8806 to set up an appointment. Or just stop by, when you're in the neighborhood.

We hope to hear from you soon.

Best regards,

The staff of ABC Audiology
